

Correctional Model Ice Cube Machine

Series 800

Special correctional model fasteners

Special Correctional Unit Specifications

For Models S-300 through S-1800 Series

- No plastic on outside of machine.
- Stainless steel top and front panels.
- Stainless steel side panels with stainless steel louvers for air-cooled models.
- Tamper-proof screws. Different screw head design for ice machine front panel and back cover. Both require special bit for removal. Bits supplied with ice machine startup package.
- When ordering special Correctional model, note that suffix "P" differentiates this model from standard S-Model ice machines Example: SD-1402AP.

Standard S-Model Features

- Rugged, corrosion-free base.
- New batch water system delivers better ice cube formation.
- Patented cleaning and sanitizing technology.
- R-404A CFC-free refrigerant.
- Cupra-nickel condenser adds protection from corrosive water elements.

Warranty

- 5-year parts-and-labor on evaporator.
- 5-year parts and 3-year labor on compressor.
- 3-year parts-and-labor on all other components.
- ISO 9001 Quality System Certified.

Ice Shape

Half Dice
 $\frac{3}{8}$ " x $1\frac{1}{8}$ " x $\frac{7}{8}$ "
 (.95 x 2.86 x 2.22 cm)

Dice
 $\frac{7}{8}$ " x $\frac{7}{8}$ " x $\frac{7}{8}$ "
 (2.22 x 2.22 x 2.22 cm)

AuCS® Accessory

S-300 through S-422 require AuCS-SO

S-450 through S-1800 require AuCS-SI

Refer to corresponding S-Model ice cube machine specification sheet for general electrical, operating limits, compressor/BTU ratings, ice production capacities, and installation information. General S-Model specification sheet also suggests ice storage bin options if applicable.
